

DELPHI ACADEMY[®]

of Florida

Award Winning Private School in Clearwater, FL

Middle and High School Enrichment Program Classes Available Fall Term (1st Semester) 2024

Visual Arts

- **Ceramics** - Instructed by Joan Crane, Mondays and Wednesdays, must come to both classes if selected. Students learn to both hand-build and use the wheel to make ceramic decor and pottery.
- **Fine Arts** - Instructed by Joan Crane, Tuesdays and Thursdays, learn basic art theory, famous artists' styles and how to use different media.
- **Independent Art** - Led by Joan Crane, Fridays. Students propose their own art projects they would like to create.

Sports, Games & Physical Activities

- **HS E-Sports** - Coached by Alex Campana, an interscholastic team playing electronically against other High Schools in the South West Region of the country on Fridays. Games require skill and team work and participating students must be in High School and be ahead of schedule on their academic program.
- **HS Bowling Team**: Coached by Alex Campana, Thursdays at Dunedin Lanes starting at 3:00 and going until 5:00.
- **Indoor Soccer ("Futsal")** - Coached by Zsolt Tamas, Mondays and Wednesdays. Classes may develop into a competitive league team after hours.
- **Basketball**: –Led by Luca Marrazzo, Tuesday and Thursdays.
- **PE (Required)** – Led by St. Sports Coaches, Middle School Mondays, Wednesdays and Fridays. High School Tuesdays and Thursdays.
- **Elective PE**–Led by Zsolt Tamas, Tuesdays, Thursdays and Fridays.
- **Volleyball 2** - Led by Ast. Coach Mia Snelson. School-hours practices on Mondays and Wednesdays. Qualified players will be selected for the after-hours MS/JV Team.
- **Volleyball Team (Varsity Girls)** - Led by Coaches Colin Taufer and Mia Snelson, practices and games after-school-hours throughout the week.

Performing Arts

- **Band Club** - Led by HS student LJ Sweircinsky, Mondays and Thursdays
- **High School Only Play** - Directed by Nick Koenig, High School students will perform *Pride and Prejudice* this fall. Rehearsals are Tuesdays, Wednesdays and Fridays. Show dates November 8th and 9th.

Science and Technology

- **Science Experiments** - Led by George Pilat, Wednesdays and Fridays. Students utilize Scientific Method to test theories and uncover the truth about common myths or misconceptions.
- **3D Engineering and Printing**—Led by Rein Drafall, Tuesdays.
- **Coding**—Led by Rein Drafall, Fridays. Students will learn website and game design.
- **Lego Club**—Led by Luca Marrazzo, Mondays. Students will build pieces to compete in the State Fair contest.

Living Skills

- **Mechanics** - Instructed by George Pilat, Mondays.
- **Costumes**- Instructed by Jessica Bara-Skowronek, Mondays. Students learn organization, crafting and sewing skills to help with costumes for the High School play..
- **Woodshop** - Classes with Greg Scott, Mondays, Tuesdays, Wednesdays or Thursdays. Learn to use various power tools and the new laser engraver and cutter to create projects of the students' interest.
- **Debate Club**: Led by HS student Swedha Yoggi, Mondays.

Other

- **“Approved Out of School Activity”** - If desired by the family, an option to leave school at 3:55 to pursue other enrichment activities that are in alignment with the student's academic requirements, such as a club sport, an off-campus project such as community service or a part-time job. Parent requests must be submitted to their child's academic teachers for approval prior to beginning.
- **Study Hall** - Mondays through Fridays
 - For catching up or getting ahead in studies
 - For doing required school projects on campus without sacrificing academic time

Upcoming Anticipated Activities

- **HS Boys Spring Volleyball Team**
- **Spring Musical**—ES-HS students are able to participate in the cast and Middle and High School may participate in the crew.
